Looking much better. Can we ask them or Mathy to begin to include ongoing steps and timeline re: the development of a comprehensive longer term monitoring and clean up plan? It would be good to show that we are turning a corner and we know where that corner will lead. Thanks

I am happy to get updates, do call, whatever I need to do to stay engaged and support the effort.

So, you don't have to read the whole thing but it is pretty impressive. This is a very extensive update for the team - they have hit their stride.
